

QUALITY, SAFETY, HEALTH AND ENVIRONMENTAL POLICY

The main objective of Port Tarraco Works, S.L., a company dedicated to the provision of ship maintenance and repair services, is to guarantee the sustainability of its processes and activities, or those under its supervision, ensuring they are integrated into the company strategy and organization. Compliance with this policy is the responsibility of all personnel working under the supervision of Port Tarraco Works, S.L., and to such end we act and make decisions in order to achieve three fundamental goals:

- Ensure that people are the most important asset, and key to guaranteeing constant improvement.
- Guarantee the satisfaction of our clients.
- Create value and make a difference

We commit to:

- Comply with the applicable regulations in force, established corporate standards, and the requirements set by clients and other stakeholders.
- Actively promote the safety and health of our workers, complying with applicable laws governing workplace hazard prevention and adequate practices on the matter.
- Prevent or minimize risks at the source, evaluating them and applying technical, organizational and/or personal measures, adapting the work to the individuals and guaranteeing safety and health across all processes and activities under our responsibility.
- Encourage, to be responsible for maintaining a healthy and safe workplace, fostering a proactive participation in quality, safety, health and environmental activities established by the company and taking part in preventive activities across all of the company's hierarchical levels and processes.
- Guarantee the protection of the environment, keeping it present across all of our operations. With this in mind, we stay up-to-date on applicable facility and workplace policies and regulations according to QEHS.

Under no circumstances will the performance of activities related to any task or financial aspect take priority over the quality, safety and health of individuals and the environment.

Compliance with all established guidelines, standards and regulations shall be mandatory for all of our workers, suppliers and visitors.
